

Special Olympics Canterbury have had the pleasure of knowing Mike Lowden for six years. The relationship first started when Mike and some fellow workmates approached us wanting to run a fundraiser for our club.

Six year later, even with a change of personnel since the first fundraiser at Ideal Electrical Suppliers Ltd the event continues to be held each year due to the work of Mike. To date this fundraiser has raised over \$60,000 for our club, coaches/athletes/caregivers are extremely grateful, as this amount has eased the burden on our resources.

Mike has become a favourite with all the people connected to the club, due to his fun caring nature and being able to relate to all involved with Special Olympics Canterbury at all levels. Special Olympics Canterbury wish Mike all the best with his efforts in fundraising for his trek to Everest Base Camp with Project EBC and to help the Khumbjung family in Nepal to rebuild their earthquake destroyed home.

As a club, there is no hesitation in supporting and recommending people to support Mike's cause.

On behalf of Special Olympics Canterbury
Helen Mitchell

A handwritten signature in blue ink that reads "Helen Mitchell". The signature is written in a cursive style.
